Main Idea From Ideation C

Olympics App for Local Games Organization

After voting, the **Olympics App for Local Games Organization** emerged as the main idea. The group agreed that this app has the potential to make organizing and participating in local Olympics-inspired games accessible and fun for a wide range of users. Key app features would include:

- Event setup tools and templates
- Scheduling, registration, and management functions
- A community leaderboard to track local competitions across regions
- Educational resources for organizing and officiating events
